

# Ti... NOT Just Ordinary Guitar Parts

Install KTS Titanium parts on your guitar and get ready for:

- Longer sustain and clearer tone
- More tonal response to aggressive picking
- More clearly defined string-to-string notes
- And much, much more!

*"Notes are clearer, fatter, more defined. You hear more of everything. KTS Titanium parts are an evolution, not too far from tradition, that really make a difference."*

*---Allen Hinds*

*"Much better sustain. Highly recommended!!"*

*---Tim Pierce*

*"As well as improving sustain, KTS Titanium saddles seems to make the notes 'rounder' and 'deeper'."*

*---Geoff Whitehorn*

*"KTS Titanium saddles made a big improvement in each of my guitars' tone and sustain. I'm using them in most of my guitars."*

*---Michael Thompson*
